

Web Store Policy

You may purchase capsules through our online web store, in addition to following the terms and conditions stated below for all online orders.

Verifying Your Order

After your order has been placed we will check billing information shipping information, and our inventory before accepting your purchase. If any questions arise the customer will be contacted for further information. We reserve the right to decline any order or quantities placed by customers.

Order Confirmation Receipt

We will call within 24 hours of your purchase to confirm your order and that we have in stock what you purchased. If we do not have the quantity we had on our website on hand the customer will be notified and given the option of cancelling their order or given a new wait time for their capsules.

Inventory Limitations

We may, at any time, limit or not accept the quantities purchased, as inventory can change rapidly. If we do not have what the customer is requesting on site they will be contacted. Our Customer Care Team will determine whether the customer would like their order to be processed and a different wait time for capsules given to that customer or if they would like to cancel their order. A minimum of 1 box is required for ordering. Orders over 50,000 capsules are subject to a possible 4 week wait due to possible inventory limitations.

We accept payment by credit card from the following companies *only*: Visa®, MasterCard® and Discover®.

Errors On Our Web Store

We reserve the right to decline any order on our site that has an error in our pricing or availability of our products. If we have charged your credit card, you will be credited the amount for your order if the capsules ordered are not available or incorrect due to a website error unless the current wait time for those capsules is acceptable to the customer.
